

SURVEYOR'S REPORT

Argument to a notice from Sand Lake Company, a corporation incorporated and organized under the laws of the State of Oregon, the owner of the East half of the Northwest quarter and Lot's 2 and 3 of section 20 and the South half of the Southwest quarter and Lot's of section 17 T3S, R10W, Rowland Wagon, to permanently establish the corner and boundaries of said lands. I served notice, a copy whereof, together with proof of service, is on file in the Office of County Surveyor of Tillamook Co. Ore., that on November 27, 1914, I would begin the survey and establish the survey of said lands. On said date I commenced the survey of said lands, being as chain survey, R. Barrett and U.S. Ed. The survey of said lands, E. Allen and E.R. Hayes and to permanently establish said lands and corners, I ran out the North, West, S. 1/4 and East lines of said Section 20. The distances and bearings of said lines are as shown on this map which is made a part of this report. The bearings given are with reference to true meridian as determined from an observation of the sun. The section corner common to Secs 17, 18, 19, 20 and the quarter section corner between sections 17 and 18, I established from bearing trees as marked by the County Surveyor of Tillamook County Ore. on July 13, 1893, and which appear on record in the County Surveyor's Office of said County. The other section and quarter section corners of said section 20, I identified as original government corners or they are considered as established corners. The subdivision corners were are marked by proper monuments and the bearing trees lines were are marked by proper monuments and distance are as shown on said map.

G. J. Poyosky
County Surveyor

SAND LAKE CO.
