CLOUD / RICE  
ADMINISTRATIVE DECISION & STAFF REPORT**

**Decision:** Approved with Conditions  
**Decision Date:** June 20, 2023  
**Report Prepared By:** Angela Rimoldi, Planning Technician

**I. GENERAL INFORMATION:**

- Request:** Partition request to create two (2) residential parcels.
- Location:** Located within the Community of Beaver, via R.O. Richards Road, a county-maintained road. The subject property is designated as Tax Lot 502 of Section 29CA, Township 3 South, Range 09 West of the Willamette Meridian, Tillamook County Oregon.
- Zone:** Community Single-Family Residential (CSFR)
- Applicant:** Michael Rice, P.O. Box 521, Tillamook, OR. 97141
- Property Owner:** Raymond & Vennie Cloud, 20340 Blaine Road, Beaver, OR. 97108

**Description of Site and Vicinity:** The subject property is accessed via R.O. Richards Road, a county-maintained road, irregular in shape, improved with a manufactured dwelling and accessory structure and is vegetated with grasses, shrubs, and trees (Exhibit A). The topography of the subject property varies; however, is generally sloped with some flat area (Exhibit A). The subject property is located within an area primarily devoted to residential and farm use and surrounded by properties also zoned CSFR to the north, south, east, and west (Exhibit A). Properties are zoned Farm (F-1) to the south, east and west (Exhibit A).

The subject property does contain mapped wetlands or natural features as indicated on the NWI map and is located within Zone D an Area of Undetermined Flood Hazard as depicted on FEMA Flood Insurance Rate Map FIRM 41057C0740F (Exhibit A).

The subject property is located within an area of Geologic Hazard (Exhibit A). A Condition of Approval has been made to require relevant standards of TCLUO Section 4.130: Development Requirements for Geologic Hazard Areas be adhered to at the time of development.

**II. APPLICABLE ORDINANCE AND COMPREHENSIVE PLAN PROVISIONS:**

The request is governed through the following Sections of the Tillamook County Land Use Ordinance (TCLUO). The suitability of the proposed use, in light of these criteria, is discussed in Section III of this report:

- A. Land Division Ordinance Section 070: Preliminary Plat Approval Criteria
- B. TCLUO Section 3.011: Community Single Family Residential (CSFR) Zone
- C. Land Use Ordinance Section 4.130: Development Requirements for Geologic Hazard Areas

**III. ANALYSIS:**

Notice of the request was mailed to property owners within 250 feet of the subject property and agencies on May 22, 2023. No comments were received.

**A. Land Division Ordinance Section 070: Preliminary Plat Approval Criteria**

*(1) Approval Criteria. The Approval Authority (Director for partitions and Planning Commission for subdivisions) may approve, approve with conditions or deny a preliminary plat. The Approval Authority decision shall be based on findings of compliance with all of the following approval criteria:*

- (a) The land division application shall conform to the requirements of this ordinance;*
- (b) All proposed lots, blocks, and proposed land uses shall conform to the applicable provisions of the Land Use Ordinance – Article 3 Zone Regulations and the standards in Section 150 of this ordinance;*

**Findings:** The preliminary Partition Plat proposes the creation of two (2) parcels (Exhibit B). The applicability of the CSFR zone is addressed below. Plat and submitted supplemental information confirm the criteria above are met.

- (c) Access to individual lots, and public improvements necessary to serve the development, including but not limited to water, sewer and streets, shall conform to the standards in Sections 150 and 160 of this ordinance;*
- (d) The proposed plat name is not already recorded for another subdivision, does not bear a name similar to or pronounced the same as the name of any other subdivision within the County, unless the land platted is contiguous to and platted by the same party that platted the subdivision bearing that name or unless the party files and records the consent of the party that platted the contiguous subdivision bearing that name;*
- (e) The proposed streets, utilities, and surface water drainage facilities conform to Tillamook County's adopted master plans and applicable engineering standards and, within Unincorporated Community Boundaries, allow for transitions to existing and potential future development on adjacent lands. The preliminary plat shall identify all proposed public improvements and dedications;*
- (f) All proposed private common areas and improvements, if any, are identified on the preliminary plat and maintenance of such areas is assured through appropriate legal instrument;*
- (g) Provisions for access to and maintenance of off-right-of-way drainage, if any;*

**Findings:** The preliminary plat outlines access to the subject property from R.O. Richards Road, a county-maintained road (Exhibit B). Proposed parcel 2 will maintain access from R.O. Richards Road, whereas proposed parcel 1 will gain access from a private easement, which is reached via Blaine Road, a county-maintained road (Exhibit B). A Condition of Approval has been outlined below in Section V for Tillamook County Public Works Department to confirm the existing road approach can support the proposed Partition.

Land Division Ordinance Section 150 outlines development standards for partitions. Standards within this section either do not apply, evidence submitted by the Applicant confirms the standards are met or that the standards can be met through compliance with the Conditions of Approval.

Staff concludes the above standards and the standards in Sections 150 and 160 of the Land Division Ordinance have been met or can be met through the Conditions of Approval.

- (h) Evidence that any required State and Federal permits, as applicable, have been obtained or can reasonably be obtained prior to development; and
- (i) Evidence that improvements or conditions required by the road authority, Tillamook County, special districts, utilities, and/or other service providers, as applicable to the project, have been or can be met, including but not limited to:
  - (i) Water Department/Utility District Letter which states that the partition or subdivision is either entirely excluded from the district or is included within the district for purposes of receiving services and subjecting the partition or subdivision to the fees and other charges of the district.
  - (ii) Subsurface sewage permit(s) or site evaluation approval(s) from the appropriate agency.

**Findings:** The subject property is served by the Beaver Water District and an on-site wastewater system for proposed parcel 2. A water availability letter from the Beaver Water District is included in the Applicant’s submittal (Exhibit B). A notation can be placed on the plat stating that the allowance of the partition does not warrant that site evaluation approval is or will be available to the approved parcel 1 if site evaluation approval has not yet been obtained.

The subject property is also served by the Nestucca Rural Fire Protection District, Tillamook County Sheriff’s Office, and the Tillamook County Public Works Department. Given the location of the property, availability of public services existing in the area staff concludes these criteria have been met or can be met through compliance with the Conditions of Approval.

**B. TCLUO Section 3.011: Community Single Family Residential (CSFR) Zone**

*(4) STANDARDS: Land divisions and development in the CSFR zone shall conform to the following standards, unless more restrictive supplemental regulations apply:*

- (a) The minimum lot size is 20,000 for permitted uses.*
  - (b) The minimum lot width and depth shall both be 100 feet.*
  - (c) The minimum front yard shall be 20 feet.*
  - (d) The minimum side yard shall be 5 feet; on the street side of a corner lot, it shall be no less than 15 feet.*
  - (e) The minimum rear yard shall be 20 feet; on a corner lot, it shall be no less than 5 feet.*
- .....

**Findings:** The applicant has provided a preliminary plat confirming the two (2) parcels, to be created by the proposed partition, meet the minimum requirements for lot size and dimensions as outlined above (Exhibit B). There are no improvements on proposed parcel 1, therefore setbacks do not currently apply; proposed parcel 2 is improved with a manufactured dwelling and accessory structure, which will decrease the rear yard setback while maintaining standard, all other setbacks will be unaffected (Exhibit B).

**C. Land Use Ordinance Section 4.130: Development Requirements for Geologic Hazard Areas**

*(1) The following are GEOLOGIC HAZARD AREAS to which the standards of this Section apply:*

- (a) Active landslides identified in Oregon Department of Geology and Mineral Industries (DOGMI) Bulletins 74 and 79;*

*(b) Inactive landslides, landslide topography and mass movement topography identified in DOGMI bulletins 74 and 79 where slopes are greater than 19 percent;*

.....  
(2) A **GEOLOGIC HAZARD** report is required prior to approval of planned developments, coast resorts, subdivisions and partitions governed by the Land Division Ordinance, building permits, mobile home permits, sand mining, occurring in areas identified in (1) with the following exception:

(a) For building or mobile home or manufactured home permits in areas identified in (1)(b), reports are needed for lots 20,000 square feet or larger only where the proposed structure is to be situated on slopes greater than 29 percent or if (1) (f) applies

**Findings:** Future development of the subject property will be subject to development standards of the TCLUO Section 4.130: Development Requirements for Geologic Hazard Areas. A Condition of Approval has been outlined below in Section V.

#### **IV. DECISION: APPROVED WITH CONDITIONS**

Staff concludes, based on the findings of fact and other relevant information in the record, the Applicant has satisfied or is able to satisfy the applicable ordinance requirements through the Conditions of Approval, and therefore, approves the request subject to the provisions in Section V below.

By accepting this approval, the applicants/property owners agree to indemnify, defend, save and hold harmless Tillamook County, and its officers, agents, and employees from any claim, suit, action or activity undertaken under this approval, including construction under a Building Permit approved subject to this approval. The applicants/property owners shall obtain all of the necessary local, state, and federal permits and comply with all applicable regulations for the proposed building site.

This decision may be appealed to the Tillamook County Planning Commission, who will hold a public hearing. Forms and fees must be filed in the office of this Department before **4:00 PM on July 3, 2023**.

#### **V. CONDITIONS OF APPROVAL:**

Failure to comply with the Conditions of Approval and ordinance provisions could result in nullification of this approval.

1. The applicant shall obtain all Federal, State, and Local permits, as applicable.
2. The applicant shall obtain a letter from the Tillamook County Public Works Department confirming either the existing Road Approach via Blaine Road is adequate or that the necessary improvements to the Road Approach have been completed to accommodate proposed parcel 1. The letter shall be provided to the Department prior to or at the time of final plat review.
3. The applicant shall comply with all requirements of the Tillamook County Surveyor's Office.
4. The applicant shall record the Final Plat within two (2) years from the approval date of the Preliminary Plat or apply for an extension of time from this Department prior to expiration of Preliminary Plat approval.
5. The applicant shall record the Final Plat within ninety (90) days from the date of final signature of the partition plat.

6. Future development is subject to the standards required by TCLUO Section 3.011: Community Single Family Residential (CSFR) Zone.
7. Future development is subject to the standards required by TCLUO Section 4.130: Development Requirements for Geologic Hazard Areas.
