New Arrivals in Fiction

The return of Ellie Black

Emiko Jean

Detective Chelsey Calhoun's life is turned upside down when she gets the call Ellie Black, a girl who disappeared years earlier, has resurfaced in the woods of Washington state--but Ellie's reappearance leaves Chelsey with more questions than answers. It's been twenty years since Detective Chelsey Calhoun's sister vanished when they were teenagers, and ever since she's been searching: for signs, for closure, for other missing girls. But happy endings are rare in Chelsey's line of work. Then a glimmer: local teenager Ellie Black, who disappeared without a trace two years earlier, has been found alive in the woods of Washington State. But something is not right with Ellie. She won't say where she's been, or who she's protecting, and it's up to Chelsey to find the answers. She needs to get to the bottom of what happened to Ellie: for herself, and for the memory of her sister, but mostly for the next girl who could be taken--and who, unlike Ellie, might never return.

Black shield maiden

Willow Smith

From Willow Smith and Jess Hendel comes a powerful and groundbreaking historical epic about an African warrior in the world of the Vikings. Lore, legend, and history tell us of the Vikings: of warrior-kings on epic journeys of conquest and plunder. But the stories we know are not the only stories to tell. There is another story, one that has been lost to the mists of time: the saga of the dark queen. That saga begins with Yafeu, a defiant yet fiercely compassionate young warrior who is stolen from her home in the flourishing Ghanaian Empire and taken as a slave to a distant kingdom in the North. There she is thrust into a strange, cold world of savage shield maidens, tyrannical rulers, and mysterious gods. And there she also finds something unexpected: a kindred spirit. She comes to serve Freydis, a shy princess who couldn't be more different than the confident and self-possessed Yafeu. But they both want the same thing: to forge their own fate. Yafeu inspires Freydis to dream of a future greater than the one that the king and queen have forced upon her. And with the princess at her side, Yafeu learns to navigate this new world and grows increasingly determined to become one of the legendary shield maidens. For Yafeu may have lost her home, but she still knows who she is, and she's not afraid to be the flame that burns a city to the ground so a new world can rise from the ashes. She will alter the course of history-and become the revolutionary heroine of her own myth.

[The hunter's daughter](#)

Nicola Solvini

A hypnotic, sinister debut mystery about a seemingly good cop who is secretly the daughter of a notorious serial killer who must, against all the rules, insert herself into a new investigation when ritually killed bodies start appearing in her father's old territory. Anna Koray has shut the door on her past. The records of her childhood--and the troubling memories--are sealed away thanks to a controversial hypnosis treatment. She's a police lieutenant in a rural town, raising money for good causes, coaching girls' soccer, and even on-and-off dating Nick, a local ER doctor. Then she shoots a man in the line of duty and finds herself terribly drawn to him in the moment of his death. Her childhood memories return, igniting terrible dreams of her beloved father, his hands red with blood, surrounded by flower-decked corpses he had sacrificed to the god of the forest. Simultaneously, to Anna's horror and fascination, a serial killer has emerged who is copying her father. Can it be a coincidence? Is her father alive after all? Will the killer expose her, destroying everything she has built for herself, including her rekindled relationship with Nick? Does she want him to? Against all the rules Anna inserts herself into the investigation, walking a thin line between justice and protecting her secrets. But as she haunts the forest, using her father's tricks to hunt the killer, will she find what she needs most...or lose herself in the gathering darkness?
